Corps of Engineers Awards Medical Support Contract

HUNTSVILLE, Ala. – The United States Army Corps of Engineers Huntsville Engineering and Support Center awarded a task order contract award valued at up to \$284,471 to BMAR and Associates, Inc. of Hopkinsville, Ky. to provide operations and maintenance services at the U.S. Army Research Institute of Environmental Medicine in Natick, Mass.

The operations and maintenance services will cover real property and installed equipment at the facility.

Huntsville Center is a Corps of Engineers center of expertise for medical programs. The Center functions to a large extent like a business in the private sector. Customers contract for the center's services and products. In return, Center employees commit to provide quality services and products in the most cost-efficient way possible.

For more information, please contact Huntsville Center's Public Affairs Office, 256-895-1691 or 256-895-1693.
